Regarding: Confederated Tribes of the Chehalis Reservation - Eagles Landing Hotel

Dear Mr. Bonds:

I wanted to let you know how pleased we were, once again, with the results of using ISSI for the Eagles Landing Hotel and to take this opportunity to thank you for your dedication to this project's success, we were very pleased with ISSI's responsiveness and hard work to keep things moving forward. I wanted to let you know that there were several things that we found to be particularly appealing in our use of ISSI: (1) the compression of schedule to get from slab to top out; (2) the general appeal (solid, durable look) of the steel structure before sheathing compared to comparable wood structure; (3) the design flexibility allowed by the system; and (4) the fairness of walls.

Once again thank you for efforts. We look forward to working with ISSI in the future.

Best wishes,

Charles Fritzeimer, AIA
